

Colt London West Data Centre

Data centre specification

Colt London West Data Centre

Powered by 9.4MW

Highly efficient carrier neutral data centre facility in London

Colt London West Data Centre offers a gross technical area of 9,553m² of secure and flexible space.

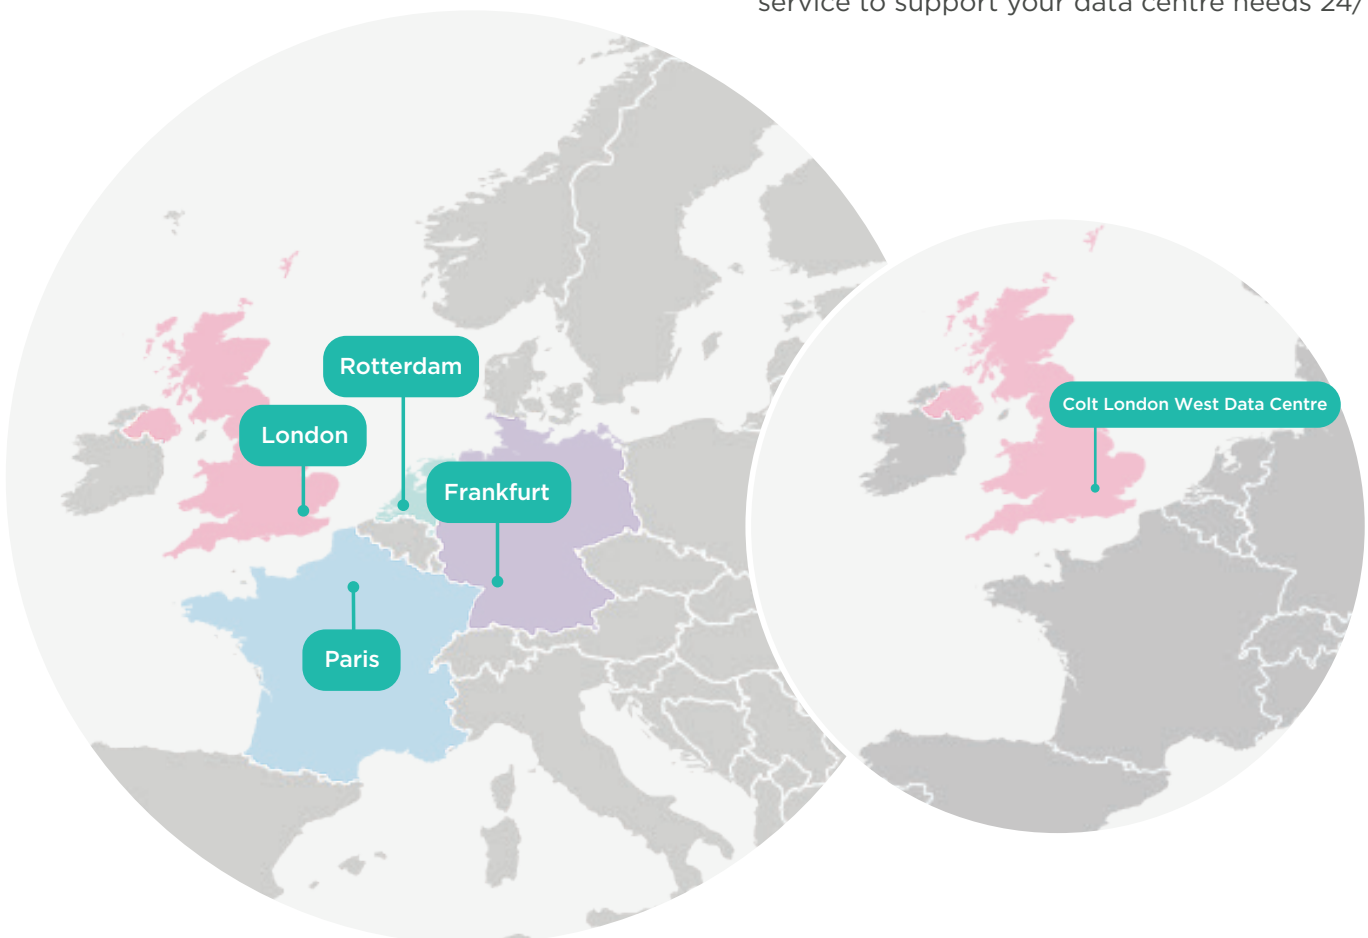

Situated in Park Royal, this data centre is designed to a Colt tier 3 specification. The site is also 10KM from central London and less than 30KM from the UK's primary data centre hub in Slough.

Developed to meet the demand for critical IT capacity, Colt London West Data Centre is a highly efficient, and secure facility to house the IT of large enterprises.

Service excellence

- Previously awarded the prestigious Uptime Institute's management and operations (M&O) stamp of approval
- High level of reliability and resilience
- Consistent and efficient service delivery
- ITIL based service management methodology
- ISO 14001 and ISO 27001 certified

Our team is responsible for the entire mechanical and electrical infrastructure within our Colt London West Data Centre. This includes management of the data halls, capacity management, security, energy procurement and the programme of planned preventative and corrective maintenance work. With a single point of contact, you can be sure of the highest level of service to support your data centre needs 24/7.

Facility Overview

- Gross technical area of 9,553m²
- Colt tier 3
- Backup power generation with minimum of 72 hours fuel storage
- Heavy duty raised floor
- Parking facilities
- Office facilities
- Flexible SLA's on temperature and humidity in line with ASHRAE guidelines
- Designed to a PUE of 1.40

Power Capacity

- 9.4MW of IT
- Dedicated, centralised UPS (N+N) to each data hall
- N+1 generators
- 5 minutes to end of life battery autonomy

Connectivity

- Carrier neutral
- Alternate carrier routing possible

Fire Control

- Addressable analogue alarm system with double knock condition to initiate gas release above and below floor
- Inert gas in all data halls and UPS rooms
- HSSD smoke detection (VESDA) above and below raised floor and across fresh air intakes on return air path of cooling units

Security

- 24/7 onsite security, monitored by multiple guards
- 24/7 infrastructure and environment engineering
- 24/7 local remote hands team
- Photo badge card access system
- Perimeter fencing
- Secure 2 door airlock
- Full CCTV coverage
- Central alarm monitoring with optional alarm monitoring
- Secure tenant areas available for equipment delivery storage
- ISO 27001 certified

Environmentals

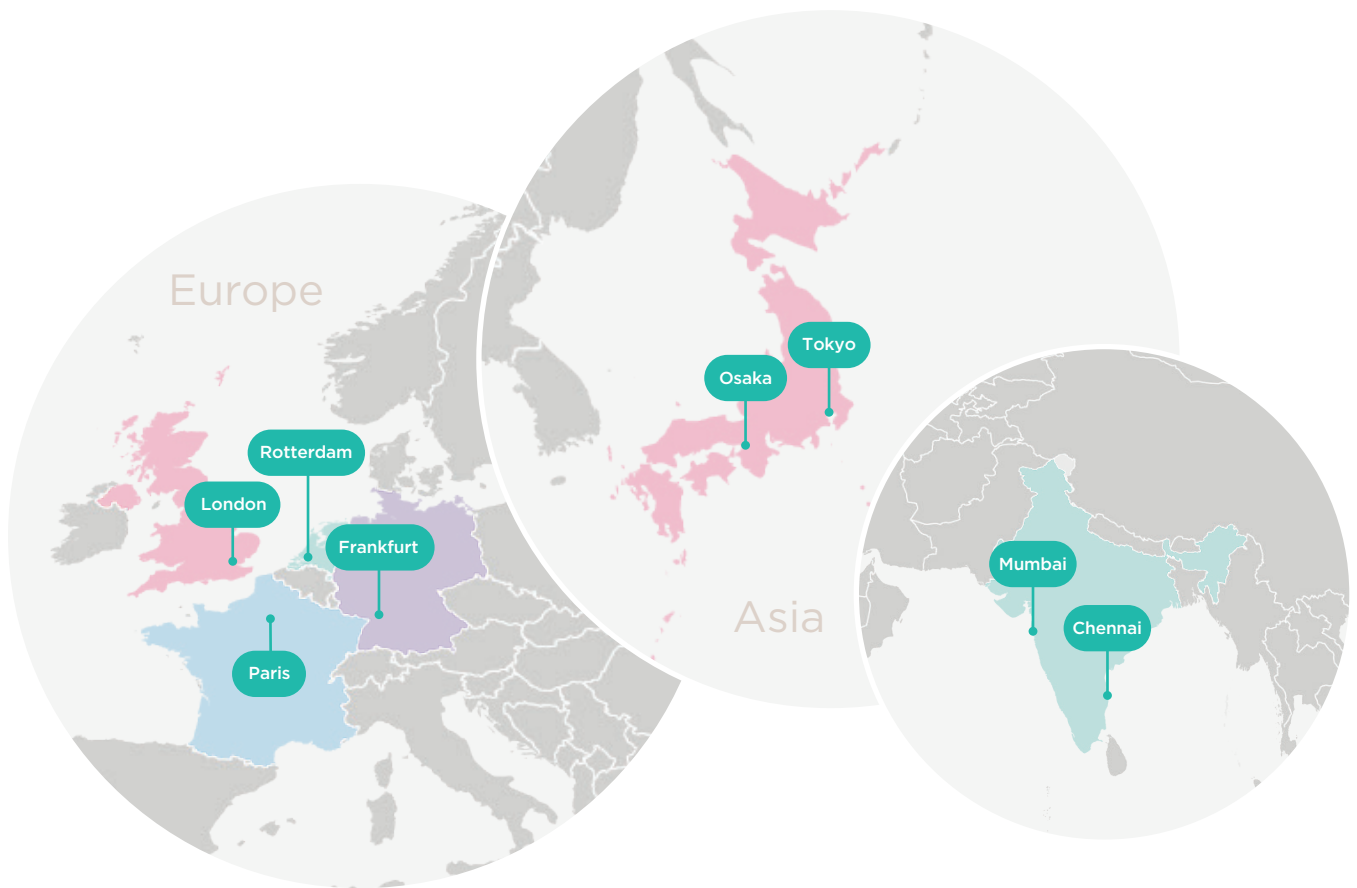

- No flood risk designation by Environmental Agency
- No SEVESO registered sites operating within 8km
- 10KM from central London and less than 30KM from the UK's primary data centre hub in Slough

Energy Efficiency

- Highly efficient air cooled chillers on a closed loop chilled water system
- Comprehensive energy power management system energy and (BMS) monitoring system as standard

Colt Data Centre Services

Colt DCS provides true service and operational excellence in the sustainable design, build, delivery and operational management of hyperscale data centres across Europe and APAC. We provide data centre solutions to hyperscale and large enterprise customers across 16 state-of-the-art-carrier neutral data centres spanning 8 cities.

Our hyperscale and colocation solutions allow our customers freedom to plan effectively for the growth of their business, knowing that their data centre strategy is ready for the demands of tomorrow.

We have over 25 years of experience in the industry, delivering on our vision of being the most trusted and customer centric data centre operator in the market. We put environmental awareness at the heart of everything we do because we know it's the right thing to do for our planet. That's why we're taking the ownership to reduce our environmental impact globally and make sustainability a key strategic driver.

As part of our sustainability journey, Colt DCS has set comprehensive near-and long-term Science Based Targets to cut our emissions in line with the SBTi's latest Net Zero Standard.
